The image features a young man in a white and red striped soccer jersey, smiling and in a dynamic pose, serving as the central figure for a player profile. To his right, a series of red rectangular boxes list his details, each connected by a white line to a specific part of his body: a globe icon to his head, a calendar icon to his chest, a location pin icon to his shoulder, a footprint icon to his leg, a weight icon to his knee, and a height icon to his foot. The background is a blurred soccer field.

RESEÑA EN REDES SOCIALES

Olé

Arria, de Monterrey, era una de las joyas de las fuerzas básicas de Tigres, el club con el que River disputó la final de la Copa Libertadores 2015: el semestre pasado se instaló en el país y empezó jugando en Liga, pero a partir de ahora ya con todos los trámites OK, lo hace en la Quinta División. **Delantero de buena altura (1,83 metro), inteligente para moverse, los que conocen a fondo la cantera riverplatense hablan muy bien de él**, también como un chico que suma al grupo y muy aplicado para el entrenamiento durante su adaptación.
